

Mentoria por Pares

Peer Mentoring for Students Starting their Research Journey

An opportunity to connect, learn, and grow together.

MENTORS

PhD Students in the 2nd year onwards

MENTEES

Students in the 2nd year of a Master's or in the 1st year of a PhD

HOW DOES IT WORK?

1

REGISTRATION & PROFILE BROWSING

Get to know the available mentors through profiles that include:

- ✓ Academic year and field of study
- ✓ Current research areas
- ✓ Personal and professional interests

2

MENTOR SELECTION

Identify between 1 to 3 preferable mentors in the initial questionnaire.

3

MATCHING

The coordination team assigns one mentor to the mentee.

4

MENTORING STARTS!

Relationship development throughout the semester.

PROGRAM GOALS

Promote integration

Promote well-being

Support scientific development

Foster academic success

Prevent student dropout

COORDINATION

GAIPEA and Doctoral College. Mentoring relationships are supported by two members of the Doctoral College.
